

**Venice Boulevard Median Reconstruction****ATTENTION RESIDENTS AND BUSINESS OWNERS**

As part of the construction of Phase 2 of the Expo Light Rail Line, work crews will begin the median reconstruction along Venice Boulevard. The work is being managed and performed by the Expo Phase 2 design-build contractor *Skanska-Rados, Joint Venture (SRJV)* and its subcontractors.

What: Venice Boulevard Median Reconstruction

When: June 2014 through Mid-July 2014

Hours: 6:00 a.m. - 4:00 p.m., Monday - Friday
9:00 p.m. - 6:00 a.m., Sunday - Thursday

Where: On the Median along Venice Boulevard between Culver Boulevard and National Boulevard

Work Description:

The widening of Venice Boulevard will include the reconstruction of the center median, along with some street light work. Median reconstruction will entail saw cutting and removal of the existing asphalt and concrete median, followed by the construction of a new median to accommodate the future reconfiguration of traffic lanes on Westbound Venice Boulevard. Additional street improvements will follow the median reconstruction and will include sidewalk/roadway work, and installation of storm drains, catch basins, fire hydrants, traffic signals and street lighting. Supplemental notices will be issued as needed.

Traffic Impacts:

- **On June 4, 2014, temporary lane closures will be implemented on Eastbound and Westbound Venice Boulevard** during nighttime hours for the installation of additional K-Rail to delineate the median work area.
- **Due to the new K-Rail placement:**
 - ◆ **Eastbound Venice Boulevard** will be temporarily reduced to two lanes of traffic between Robertson Boulevard and National Boulevard during the median reconstruction period.
 - ◆ The crosswalk on the west side of National Boulevard at Venice Boulevard will be temporarily closed during the median reconstruction. The crosswalk on the east side of the street will remain open.
- Additional lane closures may be implemented during nighttime hours for street light work.
- Traffic lanes will remain open to through traffic during daytime hours, with most work occurring in the median behind the concrete barriers.
- Directional signage and/or flaggers will be used to safely direct vehicles and pedestrians around the construction zone.
- Pedestrian access will be maintained at all times.

Advisories:

- Parking restrictions will be strictly enforced at all times and signage with specific restrictions will be in place in all construction areas.
- Local access to businesses and residences will be maintained throughout all construction activities.
- Noise levels will be monitored to ensure work performed is within the necessary compliance levels.
- Please obey all posted construction signs and do not enter the construction work zone.

(Construction schedules are subject to change for various reasons including but not limited to: weather conditions, unforeseen emergencies and other acts of nature.)
